\$ **BENEFIT**

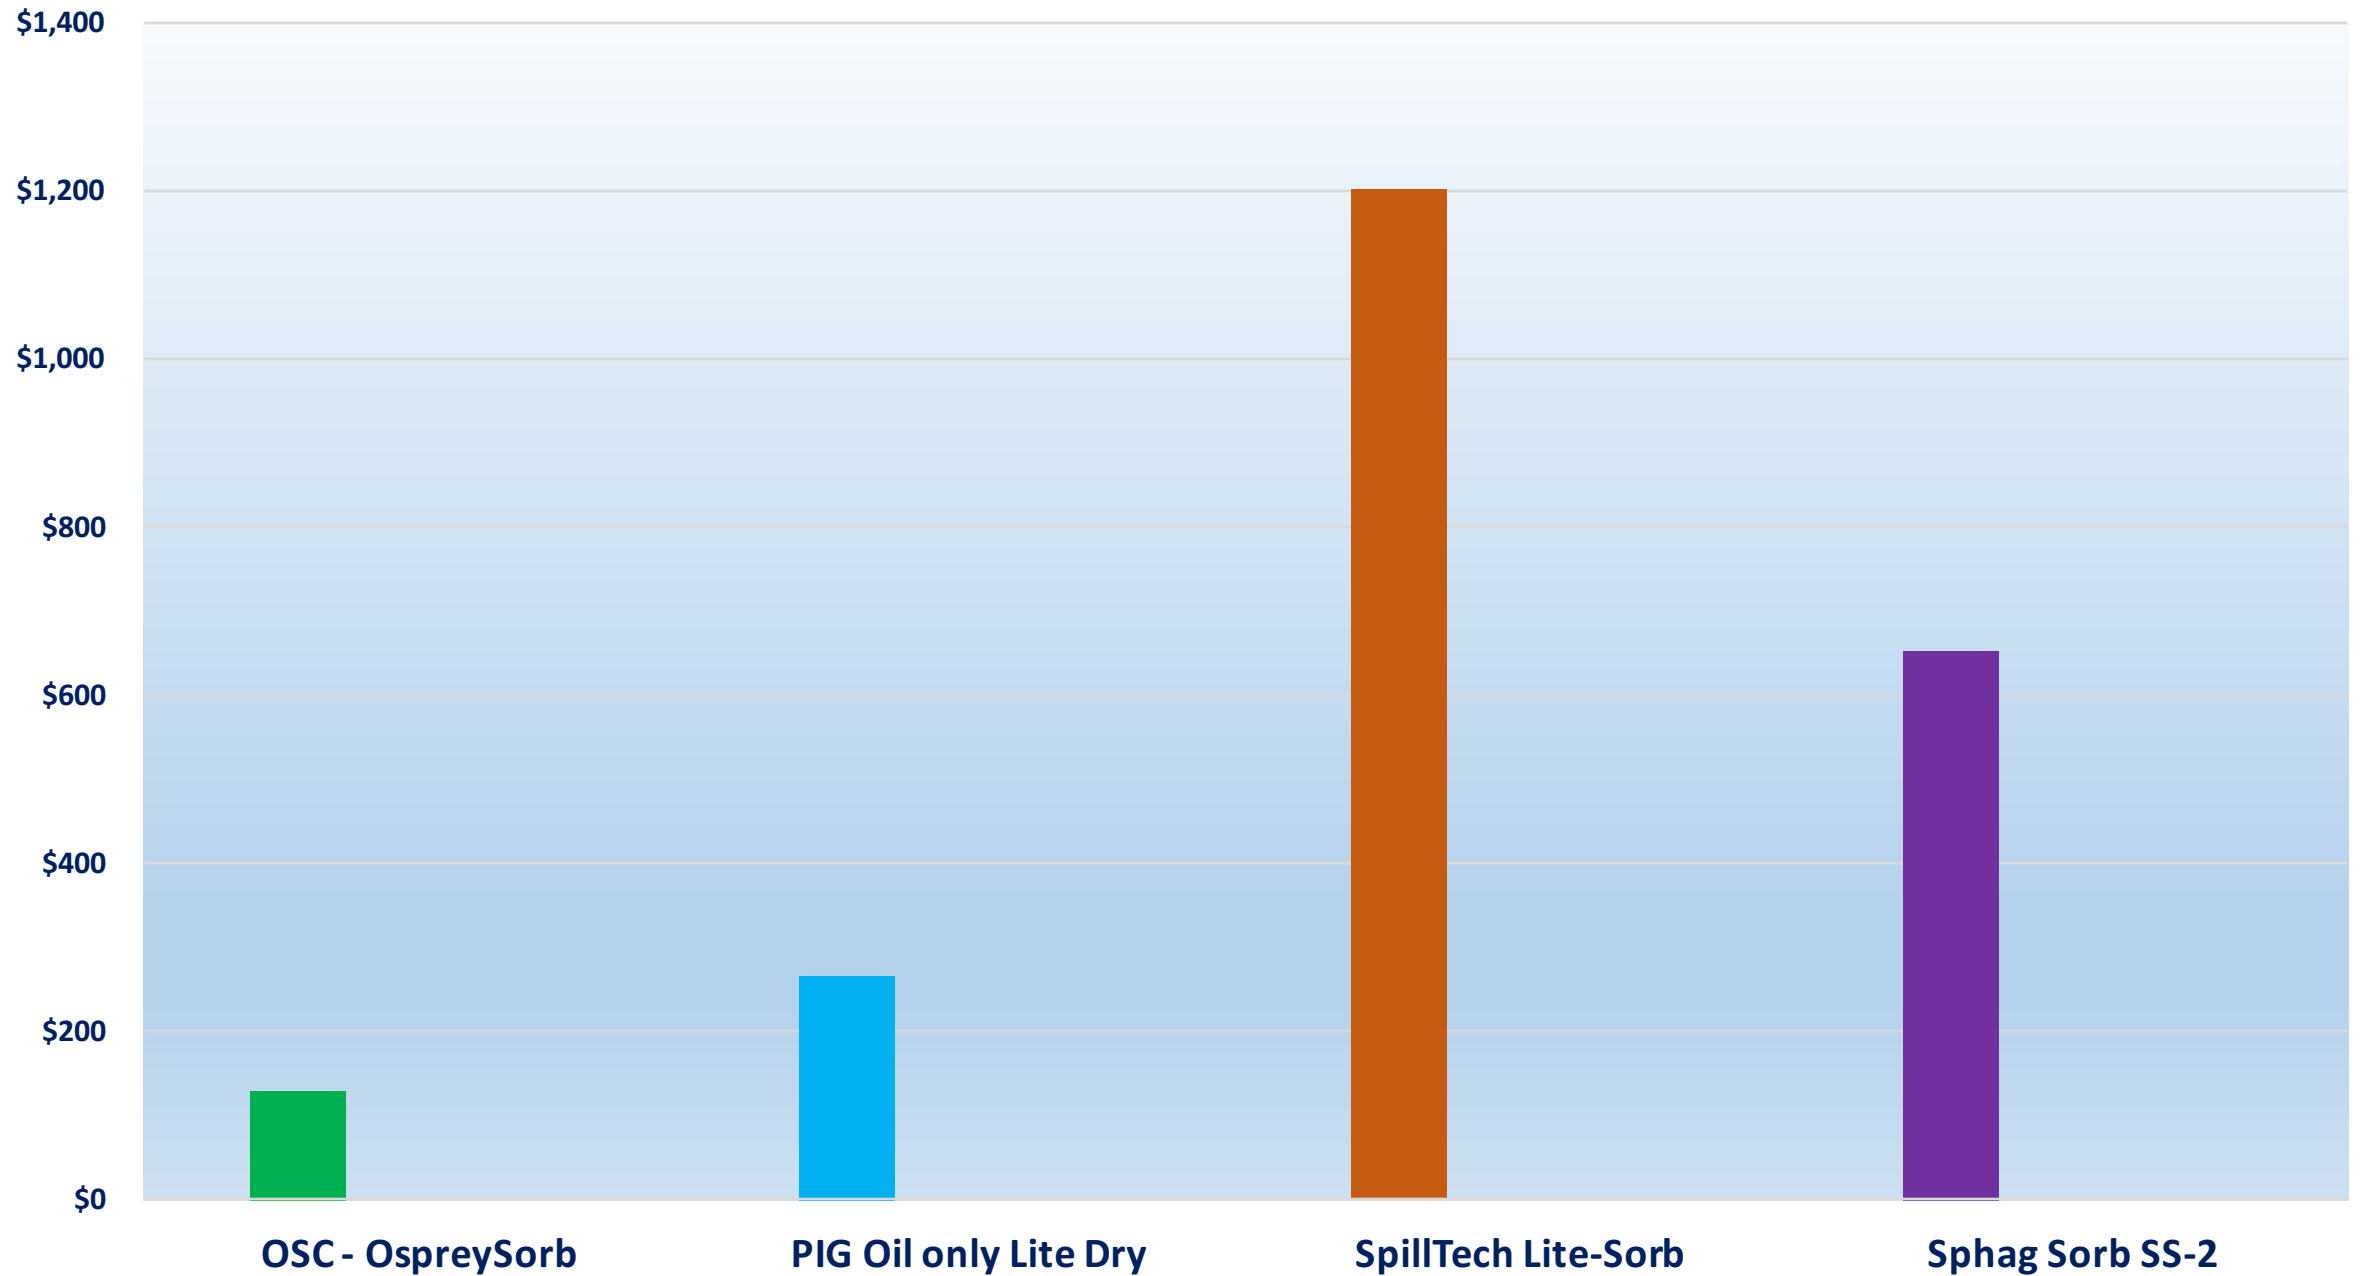

Barrels of oil adsorbed per 10.5 lbs of sorbent

Gallons of oil adsorbed per pound of sorbent

Cost per 100 gallons adsorbed

OspreySorb™ by Osprey Spill Control

High sorbency rate AND lower overall cost.

OSC's engineered cellulose sorbent is designed to achieve a 30:1 pick-up ratio. As a non-toxic sorbent, OspreySorb™ provides OSRO's and industries around the world a product that adsorbs more oil per pound than any competitors' products.

30:1 pickup ratio

Non-Toxic Reduces potential liabilities

High Temperature burn

Reduces overall response costs

95% recoverability of collected oil

All Hydrocarbon adsorption

Independently Tested ASTM-726-12 & Toxicity

Due diligence pays!
